

TWINFLAG CONFERENCE

14 JUNE 2024

Sala Seminarios Torre CACTI
CINBIO

Universidade de Vigo

9:15 am - 13:30 pm

Welcome

Miguel Correa
CINBIO Scientific Director

Eiva Bernotiene

TWINFLAg project presentation
Innovative Medical Centre. Lithuania

Celso Reis

The role of glycosylation in
inflammation, gastric carcinogenesis
and tumour progression
i3S. University of Porto

José Rivas Rey

Using magnetic nanoparticles for
theragnostic purposes in
extracellular vesicles applications
iMATUS. University of Santiago de Compostela

Coffee break

Manuel Collado

Cell senescence in cancer and aging
therapy
CiMUS-USC and Health Research Institute of
Santiago de Compostela (IDIS)

África González

Immunoaging
CINBIO. University of Vigo

Marta Montes

Exploiting RNA biology to identify
and target senescent cells
CIMA. University of Navarra

Lorena Martin Jaular

Study of the interactions of tumour
derived extracellular vesicles with
immune cells
Curie Institute. Paris

Lunch
