

**OPEN CALL FOR AN INTERIM POSTDOCTORAL RESEARCH POSITON,
AT CINBIO, UNIVERSIDADE DE VIGO
(Centro Singular De Investigación De Galicia 2016-2019)**

The **Biomedical Research Center** (*Centro de Investigacións Biomédicas, CINBIO, Centro Singular de Investigación de Galicia 2016-2019*, www.cinbio.es) is a multidisciplinary center that covers some of the main research areas in **Biomedicine**. It is meant to create a common infrastructure for biomedical experts from the University of Vigo (Spain), working on basic, applied and clinical research. Among the professionals involved, there are medical doctors, chemists, biologists, biostatistics and engineers. The Center facilitates the exchange of knowledge, resources and technology among the different groups but also with other health centers, universities, regional and local governments and the related industry.

It is organized in several lines of research pursued by different groups from both the University of Vigo and partner Hospitals, with a coordinator that takes care of scientific and technical planning within the five strategic research areas three transversal support areas:

- strategic areas: **CANCER; IMMUNITY AND INFLAMMATION; NEUROSCIENCES; BIOHEALTH AND ACTIVE AGEING; OBESITY AND METABOLIC DISEASES.**
- Transversal areas: **BIOSTATISTICS / BIOINFORMATICS / INNOVATION: NEW METHODS IN PREVENTION, DIAGNOSTICS AND THERAPY.**

The Center implements the General Principles and Requirements of the European *Charter for Researchers* and the *Code of Conduct for the Recruitment of Researchers*, to guarantee the transparency, ensuring the equal treatment of all applicants.

The CINBIO aims at becoming a key player to biomedical research, and now offers **one postdoctoral position to a highly motivated and qualified candidate on “Evolutionary analysis of NGS data”**, in the Phylogenomics lab of the Genomics and Biomedicine Group, **based in Vigo**.

The required documents (described in Annex I, and Annex II) have to be sent to cinbio@uvigo.es. **Application deadline: 10 JULY 2018 (16:00 hours, local time).**

All candidates will have an adequate feedback with a message as **proof of delivery**. They will receive consideration for employment and will not be discriminated against; based on race, color, religion, sex, sexual orientation, gender identity, national origin, age or disability.

All research job offers are advertised. The Human Resources Board will select **one candidate, and other qualified candidates** will end up in a **waiting list** for future consideration.

Please, find more information about CINBIO, in our website: www.cinbio.es; and follow the recruitment process here: <http://cinbio.es/en/category/job-opportunities/>

ANNEX I. POSITION OFFERED.

REFERENCE: CINBIO 29. Postdoc Researcher on Evolutionary analysis of NGS data

Profile: The Biomedical Research Center (CINBIO) offers **one full-time interim postdoctoral position to a highly motivated and qualified candidate on “Evolutionary analysis of NGS data”,** in the Phylogenomics lab of the Genomics and Biomedicine Group, **based in Vigo.**

Time frame: initially for 3 months (starting on september 2018), and may be renewed.

Mandatory Degrees:

- Doctorate in Biology.
- Masters Degree in Bioinformatics, Genomics, Biology, Biotechnology, Computing, Statistics or other related scientific.
- Degree in Bioinformatics, Genomics, Biology, Biotechnology, Computing, Statistics or other related scientific.

Expected Skills:

- Experience in phylogeographical analysis of genomic data.
- Experience in computational analysis of NGS data (Next-Generation Sequencing)
- Experience in programming of bioinformatic pipes in Perl, Python, R and such.
- Knowledge of evolutionary biology, and molecular evolution.
- Excellent communication skills in english in a diverse research environment; highly motivated; autonomous; and willing to move forward on the project.

Salary: It is **2000 €/month, before taxes** (gross salary + employee social costs). It is also covered end of contract compensation, and social security costs from employer side.

Evaluation Criteria:

- Official Academic Degrees.
- CV, and proven research experience.
- A personal interview may be requested.

Candidates have to send:

1. APPLICATION FORM, ANNEX II (pdf file: cinbio29_YourName_Form.pdf).
2. **Official Degrees.** (name the pdf file: cinbio29_YourName_Degrees).
3. **Curriculum vitae** (name the file: cinbio29_YourName_CV).
4. **Cover letter**, summarizing the applicant's career and experience, and interest (one A4 page in pdf format, please name the file: cinbio29_YourName_Letter).

Please, send the required documents (described in Annex I, and Annex II) to cinbio@uvigo.es, indicating the email subject: **CINBIO 29. Postdoc Researcher on Evolutionary analysis of NGS data.** **Application deadline: 10 JULY 2018 (16:00 hours, local time).**

Evaluation process:

The Human Resources Board will decide on selection and hiring.

Please, find more information about CINBIO, in our website: www.cinbio.es; and follow the recruitment process here: <http://cinbio.es/en/category/job-opportunities/>

ANNEX II. APPLICATION FORM.

**OPEN CALL FOR AN INTERIM POSTDOCTORAL RESEARCH POSITON,
AT CINBIO, UNIVERSIDADE DE VIGO
(Centro Singular De Investigación De Galicia 2016-2019)**

APPLICANT'S PERSONAL DATA:	
Name and Surname :	NIF, ID Card, Passport:
Address:	City:
Phone 1:	Phone 2:
email:	

Applied position:

- CINBIO 29. Postdoc Researcher on Evolutionary analysis of NGS data**

Files uploaded:

- This application form (annex II). (file cinbio29_YourName_Form.pdf)
 Official Degrees, Academic records. (file cinbio29_YourName_Degrees.pdf)
 Curriculum vitae. (file cinbio29_YourName_CV.pdf)
 Cover letter. (file cinbio29_YourName_Letter.pdf)
 Other (explain):

The applicant declares the certainty of the information contained in this application and states that he knows and accepts the bases of this call.

Place: _____, date:

Applicant signature.
