

## RECRUITMENT PROCESS BIOMEDICAL RESEARCH CENTER (CINBIO) UNIVERSITY OF VIGO

The **Biomedical Research Center** (Centro de Investigaciones Biomédicas, CINBIO) ([www.cinbio.es](http://www.cinbio.es)) is a multidisciplinary center that covers some of the main research areas in **Biomedicine**. It emerged to create a common infrastructure for biomedical experts from the University of Vigo (Spain), working on basic, applied and clinical research. Among the professionals involved there are medical doctors, chemists, biologists, biostatistics and engineers. The Centre facilitates the exchange of knowledge, resources and technology among the different groups but also with other health centers, universities, regional and local governments and the related industry.

The CINBIO aims to become a key international contributor to the biomedical research, and it is now in the process of promoting the incorporation of highly qualified researchers, technicians and managers.

The Center implements the General Principles and Requirements of the European *Charter for Researchers* and the *Code of Conduct for the Recruitment of Researchers*, to guarantee the transparency, ensuring the equal treatment of all applicants.

The CINBIO offers two positions:

### **REFERENCE CINBIO-14- Laboratory technician**

### **REFERENCE CINBIO-14- Specialized Technician in Thermalism**

All research vacancies are publically advertised, in particular in EURAXESS website. Job advertisements are published in English with a **clear job description, the requirements for the position and the selection criteria**.

### **REFERENCE CINBIO-14- Laboratory technician**

**Position available: Laboratory technician**

**Profile:** We are looking for a qualified scientific lab technician for The Biomedical Research Center (CINBIO), located at the University of Vigo (Spain). It is a full-time position for the Laboratories of Applied Physic Department.

The ideal candidate will have experience in working at a physic laboratory with clays, seawater, mineral water and thermal peloids in general. He/She will be well-trained to handling different equipment such as densimeter, pH-meter, viscometer, calorimeter and rheometer and will be passionate for doing the work. The goal is to carry out scientific experiments, and succeed in producing reliable results in an effective and efficient way, pursuing the best lab practices / procedures.

**Requested degree:** Laboratory Technician.

**Skills:** The candidate should have previous experience, of at least five years, in a physics laboratory. Writing and computer skills. Communication skills.

**Salary:** The salary is 1250€/month and includes the gross salary + employer social costs. It does not include the compensation and company social costs.

**Duration:** three months (starting on 1<sup>st</sup> February 2017) with possibilities of renewal.

For more information about CINBIO, please visit us at: [www.cinbio.es](http://www.cinbio.es)

**Candidates should send:**

- 1.- Curriculum vitae (preferentially Euro pass CV in pdf format). (please quoted as CV-name-reference)
- 2.- Short memory summarizing the applicant's career and experience (1 page in pdf format), (please quoted as SM-family name-reference).

The documents should be sent to [xllegido@uvigo.es](mailto:xllegido@uvigo.es) . Specify in the subject of the email

**Reference 14-CINBIO. Laboratory technician.**

All candidates will have an adequate feedback with a message as proof of delivery.

The commission will select 2 candidates that could be invited to have a **personal interview** or via computer. The others candidates will end up **on waiting list**.

---

#### REFERENCE CINBIO – 14- Specialized Technician in Thermalism

**Profile:** The Biomedical Research Center (CINBIO) offers a full-time **postdoctoral position** in thermophysical characterization of healing mud and thermalism.

**Requested Degree:** Doctor in Physical, Biochemistry, Biology, Pharmacy or related biomedical disciplines.

**Skills:** At least 4 years of postdoctoral experience in thermalism.

The candidate should have experience in the design, characterization, and maturation of thermal mud or peloids. She/he should be familiar with techniques such as rheology, calorimetry... The candidate should have previous experience, of at least three years, in national/international projects/programs management (Health field).

**Line of research:** **Thermophysical characterization of healing mud, thermalism and active aging.**

**Salary:** The salary is 2000€/month and includes the gross salary + employer social costs. It does not include the compensation and company social costs.

**Duration:** **3 months** (starting on **1st February 2017**) with possibility of renewal.

**Candidates should send:**

- 1.- Curriculum vitae (preferentially Euro pass CV in pdf format). (Please quoted as CV-name-reference)
- 2.- Short memory summarizing the applicant's career and experience (1 page in pdf format), (please quoted as SM-family name-reference).

The documents should be sent to [xllegido@uvigo.es](mailto:xllegido@uvigo.es) . Specify in the subject of the email **Reference 14-CINBIO. Specialized Technician in Thermalism.**

All candidates will have an adequate feedback with a message as proof of delivery.  
The commission will select 2 candidates that could be invited to have a **personal interview** or via computer. The others candidates will end up **on waiting list**.
