

**OPEN CALL FOR THIS POSITION: RECOGNIZED RESEARCHER IN ENDOCRINOLOGY.
CINBIO, Biomedical Research Center (*Centro Singular de Investigación de Galicia*),
UNIVERSITY OF VIGO**

The **Biomedical Research Center** (CINBIO, *Centro de Investigacións Biomédicas, Centro Singular de Investigación de Galicia, University of Vigo*) (www.cinbio.es).

CINBIO aims at generating first class science; training in values of excellence and make returns to the society, under a multidisciplinary approach. It is working on basic, applied and clinical research, to address prevention, diagnosis and therapy in Biomedicine.

We are over 200 people, professors, consolidated and early stage researchers, PhD students and technicians. We provide and have access to core facility services with ISO 9001: 2015 quality certificate, including bioexperimentation facilities and BSL3 lab.

We are opening a new strategic roadmap with four main strategic areas: Molecular medicine / Nutrition and Wellness / Nanomaterials / Bio-statistics and Health informatics and intelligent systems. There are 14 research leaders in the areas of Applied Physics / Biomass and Sustainable Development / Analytical & Food Chemistry –Biotoxins- / Colloid Chemistry and Nanophotonics / Magnetic Materials / Nanocatalysis and biosensors / Organic Chemistry / Neuroscience / Endocrinology / Rare Diseases/ Immunology / Evolutionary and Biomedical Genomics / Next Generation Computer Systems / Biostatistics and Epidemiology.

Along the last 4 years, we got hold of over 12 million euros, almost a third in international calls; 65 theses; over 100 articles yearly, 75% of them Q1, 40% first decile, some of them highly cited; transfer output of 4 patents, 27 software records and contracts with industry; being proactive in career development actions. We are now implementing actions to increase funding, especially at international calls and from new sources; in order to improve excellence, outreach, internationalization, and returns to society.

CINBIO follows the University of Vigo's strategy of HR Excellence in Research, and HRS4R - Human Resources Strategy for Researchers, to guarantee the transparency, and ensuring the equal treatment of all applicants. All vacancies are openly advertised.

CINBIO offers **one position for RECOGNIZED RESEARCHER IN ENDOCRINOLOGY**

Please, send the required documentation to cinbio@uvigo.es, with the Reference number.

Application deadline: 3rd February 2020 (12:00 hours, local time)

ANNEX I. POSITION OFFERED.

REFERENCE: CINBIO20-07. RECOGNIZED RESEARCHER IN ENDOCRINOLOGY

Profile: The Biomedical Research Center (CINBIO) offers **one full-time position RECOGNIZED RESEARCHER IN ENDOCRINOLOGY**.

Requested: Candidates must have a doctorate in Biomedical disciplines. CINBIO is looking for a highly motivated researcher with a strong background in neuroendocrinology, with sound experience related to incretins (GLP-1 and analogs, and their role in metabolism and neuroprotection), to reinforce the CINBIO strategic areas of molecular medicine and nutrition.

Skills:

- Expected five to eight years of postdoctoral research experience, according to a recognized researcher, having accreditations of excellence by [ANECA](#) (National Agency for Quality Assessment and Accreditation)
- Knowledge of eating and emotional behavior protocols and techniques.
- Research experience in diabetes, prenatal stress, and chronic stress in animal models.
- Experience in guiding and mentoring PhD and Master students.
- Two years of International stays in outstanding groups related to endocrinology.

Salary: The gross salary is up to 2.400 €/month, depending on experience. This includes salary and employee social costs, excluding taxes. Medical care and insurance through the Spanish Healthcare System, with pension and unemployment benefits.

Timeframe: Initially, 9 months (starting on march 2020), yearly extended.

Candidates should send before deadline, 3feb2020:

- 1.- **Application Form** (Annex II, filename CINBIO20-07_YourName_Form.pdf).
- 2.- **CV / Professional experience, [CVA-CVN](#) (normalized CV) preferred** (filename CINBIO20-07_YourName_CV.pdf).
- 3.- **Motivation letter** summarizing a **research proposal to develop in the center** (1-2 pages, filename CINBIO20-07_YourName_Letter.pdf).

The documents should be sent to cinbio@uvigo.es . Specify Reference in the email subject: CINBIO20-07. RECOGNIZED RESEARCHER IN ENDOCRINOLOGY

Evaluation process:

Up to five members compose the Human Resources Commission:

Each candidate will be evaluated as follows:

CV / Professional experience	–	up to 50 %
Quality of Publications	–	up to 20 %
Interview to pre-selected candidates	–	up to 30 %

Emails will be replied as proof of documentation delivery.

All qualified applications will be considered, and not discriminated against on the grounds of race, color, religion, sex, sexual orientation, gender identity, nationality, age or disability.

The commission will select candidates that could be invited for a **face-to-face or remote interview**. A contract will be offered to the approved final candidate, the others will end up **on a waiting list**.
